Year 8 Mathematics 2020 Student Program

Collecting and Presenting Data – Chapter 9 – Due 3/4/20

This is the work expected to be completed by each student for this topic. As each exercise is concluded, the date and signature must be shown in the relevant column.

This agreement is to be signed by the student when completed and returned to teacher for grading.

Failure to complete any section of this agreement may result in a Board of Studies ‘N’ warning letter sent to the parents/guardian of this student. Please do not hesitate to contact the school if any difficulties arise.

When working independently students must complete the following in their workbooks:

- Write the heading
- Write definitions and important information from text.
- Copy an example
- Number each question in your books
- Complete questions showing full working out.
- Check the answers in the back of the textbook

This is the MINIMUM amount of work required, review questions and examination questions as well as extension exercises are also recommended.

Maths online activities may also be assigned to supplement these textbook activities.
