Term 4, Week 6 2018

## Principal's Report

**Learning Today will affect you and your family for ever!**

### Every Day Counts.

The learning that occurs at school every day is vitally important. Every minute missed from school puts your child further behind in their learning. At our school – Lightning Ridge Central School – our staff and our students put a huge effort into making sure that every student grows up to be the best person they can be. This benefits the students, the student's family and our community.

One activity we have been working on across our school is the improvement in literacy for all students using a computer program called LEXIA.

Students have the opportunity to work on this program at times during the school day however, it is also available online out-of-school time.

The results of this program have been outstanding:

Lexia growth in 2018 to date:

Above Year level: from 6% to 40% (34% improvement!)

At Year level: from 27% to 35% ( 8% improvement)

Below Year level: from 67% down to 25% ( a decrease of 42% ! )

This use growth in our student's ability has come from the hard work of the students and the dedication of our staff. And a special thanks also to those parents and grandparents who encourage students to do useful, educational work online while at home.

While the year may be winding down in some places, it is business as usual at Lightning Ridge Central School. All students are expected to be at school on time and ready to learn every day until Wednesday, 19 December.

Our staff will be providing programmed educational lessons every lesson every

Congratulations to our Year 12 students who have now finished their HSC exams and hopefully are enjoying a well earned rest. Special congratulations to Angus Hallett who has had his amazing Design and Technology Project nominated for the 2018 SHAPE Exhibition. It is great that so many of our students have received early entry offers to university or offers of work. The 2018 Year 12 have worked consistently to achieve some very high goals which they have set themselves. I am sure that they will all be incredibly successful and I know that some of these students will go on to make a real difference in our world because as we all know .....

## Ridge Kids Can Do Anything

We will also continue with excursions and special activities in all the usual things that happen to make education at Lightning Ridge Central School useful and enjoyable.

*If you would like to discuss anything mentioned in this newsletter or any other matters please feel free to come in and have a chat. Parents and community members are always welcome, however; it is wise to make an appointment beforehand to avoid having to wait.*

### Positive Behaviour for Learning

Lightning Ridge Central School share a Positive Behaviour for Learning focus with our Students each fortnight. Students who show exceptional PBL values are rewarded throughout the year with excursions, special activities and treats.

### Follow Instructions

This symbol represents a winding line indicating a journey, with an adult footprint on one side and small dots for children's footprints on the other. Children are following the adult, not being herded or chased - this is a significant point. They are following, but are still on their own side of the track, showing that balance between self-direction and social support.

## Deputy Principal's Report

We continue to reward those students who arrive on time for school and wear school uniform, showing pride in themselves and their school.

Four students travelled to Sydney and visited Macquarie University, this was fully funded by Country Education Foundation (CEF). They participated in lectures which they found very entertaining and they even caught up with an ex Lightning Ridge Central School student. Thankyou to Mrs Murray for driving through the storm and many, many kangaroos to return our students safely.

Students are now working towards completing course work, assessment tasks and practical projects. School continues until the 19th December, students need to bring all their equipment and be ready for learning until the end of the year.

This week Stage 4 & 5 students will be involved in a Forensic Science event which enable them to participant in hands on activities called "A case of conspiracy".

A number of online activities such as LEXIA are planned for our students & it is essential that they bring their charged laptop to school. Parents & carers will soon be sent invoices for laptops– please ensure laptop fees are paid on time to enable your child to continue with the use of their laptop.

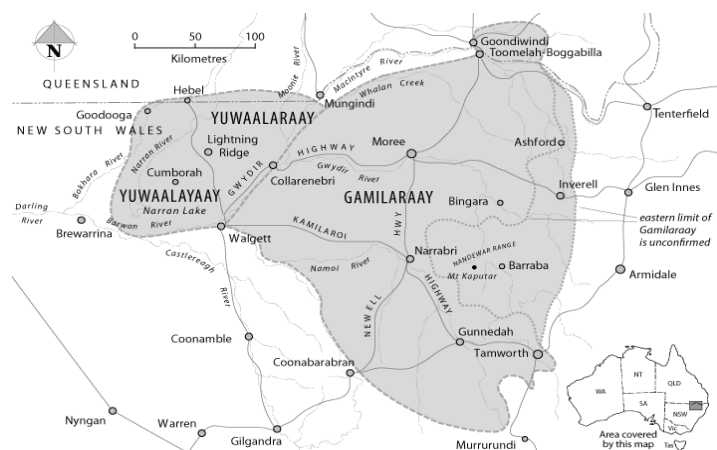

### **Yuwaalaraay**

#### **Words of the Week**

**Yaaybaa - Summer**

*Yuwaalaraay is the dialect of the Lightning Ridge area. The name of the language and Aboriginal people of the Balonne River Region.*

## Library Report

Well I hope you enjoyed the Mid Term break. When it is hot you do not always feel like travelling but I managed to listen to podcasts in air conditioning for most of my trip to Sydney which made it bearable. Kids would have had an opportunity to read more and it is also a time when parents can read with their children. I hope this did happen. I have reminded the students that the Reading Challenge finishes on Thursday 6th December.

We received a lovely box of books that I had ordered after seeing and listening to a presentation by Paul McDonald who owns the Children's Book Shop in Beecroft. He is a wealth of knowledge and I always look forward to seeing and hearing him when I attend Training and Development Days or Conferences. You can find out a lot on the internet but nothing beats contact with a knowledgeable person.

Speaking of knowledgeable people I have been interested to see some staff doing crosswords. Using your language skills to complete puzzles is a good way to keep your brain active and it is also a good social activity. There are online crossword puzzle makers which I have used with classes and these could be used at home. Conversing with others and challenging your literacy skills is always worthwhile. Using a dictionary for words you read or hear that you do not understand is something that if kids get to see a parent do then they will copy your actions.

Here is a crossword puzzle from the Fairytale Rapunzel. If you cannot do it then perhaps you need to revisit the story!

# Remembrance Day Assembly

Remembrance Day falls on the 11th of November each year.

On the 11th hour on the 11th day of the 11th month, a minutes' silence is observed and dedicated to those soldiers who died fighting to protect the nation.

In Australia and other allied countries, including New Zealand, Canada and the United States, 11 November became known as Armistice Day – a day to remember those who died in World War One. The day continues to be commemorated in allied countries.

After World War Two, the Australian Government agreed to the United Kingdom's proposal that Armistice Day be renamed Remembrance Day to commemorate those who were killed in both World Wars. Today the loss of Australian lives from all wars and conflicts is commemorated on Remembrance Day.

A special thanks to David and Jane Hutchinson for assisting with our Remembrance Day assembly!!

## **Primary Student of the week**

**Term 4 Week 4**

**Shiloh Mahoney S1B**

Shiloh is a delightful, quiet member of the class that always tries her best in all subjects. She always follows our PBL goals and is an excellent role model to her peers. Congratulations Shiloh!!

## **Primary Student of the week**

**Term 4 Week 6**

**Vannessa Brown S2H**

Vannessa is a kind and eager student who always finds time to help her teacher and other students. She demonstrates a positive attitude towards all classroom activities and has worked extremely hard to see improvements in her learning this term. Vannessa seeks guidance when completing new activities and always works cooperatively with her peers. She consistently follows our school turtle goals and is a valued member of our class. Well done, Vannessa!

## **Secondary Student of the week**

**Term 4 Week 5**

**Cassidy Finne Year 10**

Cassidy is a well deserving recipient of Student of the Week. She is a role model for our younger students and is a valued member of her classes. She has consistently shown a mature and diligent approach to her studies throughout this year. She is always encouraging her peers, has endless patience for others and meets our school's core PBL values. Cassidy goes above and beyond with her learning by submitting draft tasks for feedback and asking for additional work to further her studies. She also shows respect for her peers and her teachers and often helps her teachers by carrying their equipment to class. She is a thoughtful, caring and respected member of our school community. Congratulations Cassidy!

**Every year more than 160 million drink containers end up as litter in NSW, hurting our environment and costing our community millions to clean up.**

That's why the Return and Earn container deposit scheme is rolling out statewide from 1 December 2017. You'll be able to do your bit for the environment by returning eligible containers for a 10c refund at hundreds of collection points across NSW.

**ELIGIBLE DRINK CONTAINERS**

**Most 150-millilitre to 3-litre drink containers are refundable if they are made from:**

- Glass
- Plastic
- Aluminium
- Steel
- Liquid paperboard (cartons)

Wine, spirits, cordial and plain milk containers are generally NOT eligible. Containers should be empty, uncrushed, unbroken and have the original label attached. If a container is not eligible for a refund, please use a recycling bin.

**Collected more than 100 drink containers?**

We recommend using your local reverse vending machine (RVM)\* for up to 500 containers at one time. Through the RVM you can choose to get a digital refund to your PayPal account, a cash or retail refund through a collection partner site, or make a donation to a nominated Return and Earn charity. Visit an automated depot\* to return large volumes of containers. These sites have automatic counters to process your containers faster.

**Why not fundraise for your local community?**

Pool the containers collected, and redeem them for cash or a voucher through any local collection point.

Dear Parents/Caregivers,

Are you tired and frustrated watching your child struggle with learning?

The answer *could* be as simple as a natural health balance.

As a parent, I discovered how empowering Kinesiology could be. My body was reacting to stress, tiredness, tight muscles, food sensitivities, etc, etc. Once I established the connections between what was going on and what could be changed, I soon felt well and in control again.

Realising this, we made some simple changes in our son's habits.

It was worth the effort when his teacher reported that he was suddenly, happy and engaged in learning.

Kinesiology produced great results.

I believe that as a kinesiologist, I can help you achieve these results too and love that it is without the use of drugs.

Please call for a free 15minute phone consultation to see if there's some way I can help you.
